BASIC SETUP:

1. Choose to play as an **Archer, Warrior, Magician, or Dwarf**. Each character has its own special features, strengths, and weaknesses.
2. Place your characters, fog tokens, and dragon on their marked spaces on the main board.
3. Read the **task cards** out loud so all the players know what actions they need to complete to win.

HOW TO PLAY:

1. Gameplay takes place over the **course of a day**, which is measured by a specific number of sun discs. On each turn, you have one of two choices:
 - a) **Move or Stay Still** (costs you sun discs)
 - b) **Complete Tasks** (does not cost sun discs)
 - Completing tasks require taking voluntary actions, like fighting off Gors, trading items, or going shopping. The tasks cards at the beginning of the game will help you decide what actions to take.
 - **Revealing a Fog Token** is the only mandatory action, but be warned...fog can obscure helpful objects and allies or hide dangerous creatures!
2. Once all the sun discs are depleted, darkness falls. Each night while the heroes sleep, the **dragon and Gors move closer** towards

HOW TO WIN:

1. Once you complete all the assigned tasks, you can cross the bridge and **search for the cubs** in the Dwarven Mines.
2. The game ends as soon as your team **finds all 3 wolf cubs** or when the **dragon reaches Rietberg castle**.
